

STATEMENT OF APPRECIATION AND COOPERATION.

It is a great pleasure , in my capacity of Chairman of the Dermatology University School of the University of Rome “ G.Marconi ” and in my capacity of President of the Interdisciplinary Research Center of Regenerative Medicine of the same Athenaeum, to announce that the Academic Vitiligo Clinic of the Balcan Region has been founded in Sofia, Bulgaria.

Congratulations to Professor Mira Kadurina MD , PhD , Full Professor of Dermatology and Venereology of the University of Rome "G.Marconi " for becoming the Chairwoman of the Academic Vitiligo Clinic in Sofia , under the flag of the University of Rome “ G.Marconi ”.

This important achievement of Professor Kadurina represents a great honor for our Athenaeum , a unprecedented chance to get the best results in preclinical and clinical research thanks to a fruitful international academic cooperation and the possibility for patients affected by Vitiligo and Pigmentary Disorders to receive the latest and most effective and safe treatments in the new Academic Vitiligo Clinic.

We all feel indebted with Professor Mira Kadurina on her ability to expand our common academic mission by installing such a successful and innovative Academic Vitiligo Clinic under her Direction in Sofia.

We hope that the Scientific Community , the Students and the Vitiligo Patients will benefit from the extraordinary experience of Professor Kadurina and from our continuous cooperation in the field of research and teaching with the Academic Vitiligo Clinic of Sofia.

Vivat, Crescat et Floreat !
